

Meagan Aversa Bio

Toronto based singer-songwriter Meagan Aversa melts dreamy and dark tones together to shape her introspective songs. Alongside her solo work, Aversa is a member of Velvet Beach, who released their lush, nostalgia driven record *The Dream* in 2023. Her solo debut *Blood Moon* was co-produced with Jon Savard and released on June 7. The album explores heavier sonics and wide soundscapes, outlined by themes of avoidance and conflict ultimately resulting in isolation.
